A short calendar session of the Windham county superior court was held Friday forenoon in this city, Judge Christopher L. Avery of Groton on the bench. Action was taken in only one of the twelve cases, the remaining eleven were either stricken off the list for the term or continued.

In the case of the state vs. William S. Hennessey, disposition was made by Judge Avery who ordered that a quantity of liquor be destroyed. The case dealt with a liquor seizure in this city by Chief Killourey and other officers from a whiskey runner's car, in May 1921. Moments after that time pleaded guilty to transportation of the liquor without a permit, but later a New York party laid claim to the supply and retained a local attorney to oppose its destruction. The case went to the superior court and was continued several times. Last week the case was defaulted and the order of destruction was issued Friday morning.

Announcement was made by Judge Avery that next week's session would be devoted to criminal cases. There is a total of forty cases on the docket, twenty-three are civil and seventeen new ones. Defendants from Willimantic include a number of the prisoners in the county jail who will be brought before the court.
